

Capability Statement

Doctoral-led clinical workforce and healthcare advisory solutions.

Beyond Nursing LLC is an RN-owned small business providing clinical staffing and consulting solutions in the private and government sectors. Under doctoral-prepared nursing leadership, we help hospitals, healthcare facilities, community organizations, and government agencies secure qualified clinical professionals, strengthen operations, and improve healthcare outcomes — including specialized recruitment for military healthcare systems and veteran affairs, and clearance-eligible workforce sourcing. Available for prime and subcontracting opportunities.

CORE COMPETENCIES

- Acute and outpatient care
- Population health management
- Health Information Technology / EHR
- Federal grant oversight
- Regulatory and compliance
- Leadership, case management & utilization review
- Healthcare consulting and quality assurance
- Value-based care and infection control

DIFFERENTIATORS

- Doctoral-prepared RN leadership
- Patient-first practices; ACO/PCMH-focused approach
- Subject-matter experts across the healthcare continuum
- Flexibility, adaptability, and reliability
- Clearance-eligible workforce sourcing
- High-touch placement with retention support — mentoring, training, housing, and financial guidance for placed professionals
